INTRODUCTION

Welcome to the AFL Safeguarding Implementation Guide, where you will find step by step support to help your club, league and/or association keep children and young people safe during their time at the footy.

By following the steps and guidance in this guide, we hope that your club, league and/or association will have:

- A Committee that understands what safeguarding is, the associated risks, applicable laws and legislation and their role and obligations.
- A Footy Community that understands the expected conduct and behaviours when engaging with children and young people.
- A Child Safeguarding Officer that is known to and accessible to the Footy Community.
- Mechanisms and processes in place for responding to and managing complaints, incidents and concerns, especially with children and young people; and
- Education and awareness strategies and activities in place for all adults involved with children and young people.

-  Included 'Safeguarding' as a standard agenda item on their club, league and/or association committee meeting agenda.
-  Appointed a Child Safeguarding Officer for their club, league and/or association using the *Child Safeguarding Officer Position Description*.

AFL SAFE FOOTY GUIDELINES | BE SAFE • FEEL SAFE • PLAY SAFE

RAISING SAFETY CONCERNS IN AUSTRALIAN FOOTBALL

CAN I RAISE ANYTHING TO DO WITH FOOTBALL?
You can raise a concern about anything to do with football. It can be something serious, like the safety of a child or young person involved in football, or it can be something related to the game, to a facility or something else. You have the right to call out bad behaviour and have it taken seriously. It may be something you notice yourself, or it may be something someone else has raised with you.

DEFINITIONS
Child: someone involved in footy who is 12 years or younger – usually a player but may also be a sibling of a player or child of an adult at the club.
Young Person: someone involved in footy who is between the ages of 13 and 18 years old – usually a player but could also be an umpire or in another role at the club, or a sibling or child of a player.
Adult: someone involved in footy who is over the age of 18 – this could be a coach, manager, umpire, club official, AFL staff member, volunteer, and/or a parent.

WHAT KIND OF CONCERN MIGHT SOMEONE RAISE WITH ME?
As a parent involved in the football community you may form connections with children or young people associated with your child's team or the club. This may mean that they view you as a trusted adult and could discuss information to you about their concerns of inappropriate behaviour or abuse, either at home, around football or somewhere else. This could be telling you that they are experiencing:
• physical abuse • sexual abuse • bullying or harassment, or
• emotional abuse • neglect • mental health issues.
The aim of this guideline is to provide you with the right tools so you can confidently and appropriately respond to these moments.
It's not your role to investigate or determine a disclosure or allegation. All that is required of you is to listen, support and respond to their concern. In some cases, you are obligated to report what you know to authorities.

To better understand inappropriate behaviours, and what to look out for, check out this fact sheet: [What Does Abuse in Footy Look Like?](#)

WHAT DOES ABUSE IN AUSTRALIAN FOOTBALL LOOK LIKE?

Abuse can look and feel different for different people. There are different types of abuse, they happen in a variety of environments and different people are impacted. Some ways and places that abuse may happen in football include:
• during football – at training, before, during or after games, or at club events
• travelling to football – in a car or bus
• during camps, carnivals or overnight football trips
• from the sidelines.
It can happen between two or more people including:
• child to child • young person to child
• young person to • adult to child
• young person • adult to young person.
Additionally, a child or young person may experience abuse elsewhere, but feel comfortable telling someone they trust from their club, or a person in their club recognises the signs.

SAFEGUARDING SCENARIOS LIST

Scenarios for Discussion

Read the scenario and discuss the club's response. Use the resources and policies if required.

A coach who is transporting young people home from a game drives through the bottle shop and offers to buy them beers.

A manager who continually singles a player out in front of the rest of the team, commenting on how they *'aren't good enough to be in the team and should be playing down a grade'*.

A coach/volunteer videoing players in the changeroom singing the club song after a match as kids are in a state of undress in the background.

A senior umpire coach (19yrs) is texting a junior umpire (16yrs) privately late at night and sends inappropriate images.

A committee member charged with possessing child abuse material.

A coach offers for a player to stay at his house and to bring the player to the game as it's an early start the next morning, the parents agree as they trust the coach. What was once a one off seems to become a regular occurrence now for away games.
